

The attached statements are a copy of the family record as shown in the REDFORD FAMILY BIBLE.

This record was started by George R. Redford about or subsequent to the year 1854, as publisher's show that date on the title of the book.

In addition to certain evident inaccuracies, the ink used in making some of the records has faded to such an extent that it is hardly possible to decipher the record. For that reason it may be possible that middle name of Julia A Shelton (nee Redford) and the first name of A. Isabelle Holt (nee Redford) may be wrong.

In opening this record George R. Redford did not record either the name or the birth of his father or of any of his fathers family. That his father had a family is known to some of the living decedents, as one of the sisters of George R. Redford married Charles Starr, and is remembered by some of those now living.

It is apparent, too, that some of the births and deaths between the years 1833 and 1854 have been omitted. The birth of George Edward Redford on April 2, 1845 is included in the record but there is no record of his death. On the other hand there is the record of the death of Elford Redford on April 5, 1853 (with notation that he was 8 months and 3 days old) but no record of his birth. If this date was accurate he was born August 2, 1852.

None of the issue of Moncure W. Redford is recorded in this Bible and only a few of the issues of the several daughters of George R. Redford. In some instances, The death of the issues are recorded without the birth having been previously recorded.

Upon the Death of George R. Redford, this Bible was inherited by Beverly Redford ( his oldest living son) and from then it has been kept as the record of that branch of the family.

**Genealogy of the Lea Family of Leasburg, Caswell County, No. Carolina.**

Three brothers, James, William and John C. Lea, immigrated from England and settled first in King and Queen county, Virginia, about 1760. They moved to North Carolina and settled in what is now Caswell and Persons County.

James Lea located about 2 miles west of Leasburg, a village subsequently established and named after the family, and it was the county seat of Caswell county before Person was set off. Person county was formed from Caswell in 1791, Caswell from Orange in 1777, and Orange from Granville in 1751. The settlement of the brothers was made in what was then Orange county.

William Lea, located 3 miles east of Leasburg at South Hyco Bridge near Lea's Chapel, a church of England, now a Methodist (1902).

John C. Lea, settled on county line Creek some 10 miles west of Leasburg.
