

Caswell Horticulture Club

Engraved Brick Ordering Instructions

1. Engraved bricks can now be inserted in several locations around the courthouse: The Memorial Walk from the front of the courthouse to the memorial garden, The Veterans Walk (from the front of the courthouse to the Agriculture Building sidewalk) for Veterans of the Armed Forces, or the new Courtyard Memorial Garden between the two buildings. Please specify on the order form where you would like your brick placed.
2. The new Veteran's Walk will be exclusively for veterans of the U. S. Armed Forces. If possible please give the dates of service on the engraving.
3. Bricks come in two sizes: The standard brick size with three lines of type and the double brick size with six lines of type. Each line will have just 18 characters per line which will include all spaces and punctuation. The order form has 18 spaces so try out your message in pencil first to make sure it fits. In Memory Of or In Honor Of, for instance, on the first line. The second line would be the name of the person you would like to honor and the third line could be the name of the person purchasing the brick. However, the brick can say whatever you would like it to say. The engraving could celebrate a marriage, birth or graduation. Or a career. Or a friendship. Please stop by the courthouse and read the creative inscriptions already installed in the memorial walk.
4. Complete lifespan dates, including day, month and year, usually will not fit on an 18 character line; instead just include the years: 1982-1985.
5. Please print clearly. Send your completed order form with check made out to The Caswell Horticulture Club to The CHC, PO Box 130, Yanceyville, NC 27379 as soon as possible. You will receive a verification form with your engraving printed as it will appear on the brick. Please read over it carefully and correct any mistakes or make any changes necessary. Sign it and date it. We check these forms very carefully. Satisfaction guaranteed!!
6. Questions? 694-4828
7. Engraved gift cards and envelopes are available if you would like to give the engraved brick as a gift. Please check the space on your order form and one will be sent to you.

Thanks! These memorial gardens and walks with engraved bricks will enhance the appearance of the courthouse and create a lasting remembrance of family, friends and service to our country by our veterans.
